Please support FilmOneFest 2016 by placing an ad in our Event Program.

FilmOneFest has grown in leaps and bounds since the first festival 8 years ago. Our new programming with an earlier start time included additional bands and the student FilmYoungFest was well received by the 2,500 attendees in the audience. FilmOneFest, the International One-Minute Film Festival, will be on Saturday, July 16, 2016.

This magical event has become a reality as a result of countless hours of volunteer work by dozens of talented people in our community. However, the cost to bring this event to our community exceeds \$40,000 and we must rely on contributions from our local businesses, residents and supporters of the arts to make this event possible. You can make a difference with purchasing an ad starting at \$25.00.
