Please support FilmOneFest 2017 by placing an ad in our Event Program.

FilmOneFest has grown since its first festival 9 years ago. Our new programming with music and drive-in has been well received by the 2,500 attendees in the audience. FilmOneFest, the International One-Minute Film Festival, will be on Saturday, July 15, 2017.

This magical event has become a reality as a result of countless hours of volunteer work by dozens of talented people in our community. However, the cost to bring this event to our community exceeds \$50,000 and we must rely on contributions from our local businesses, residents and supporters of the arts to make this event possible. You can make a difference with purchasing an ad starting at \$25.00.
